January 28	College Arms Notifications sent
February 7	Review of applications for students whose first choice is South Campus begins
February 14	(week of) South Campus Apartment Selection
March 7	(week of) North Campus Room Selection
April 11	(week of) Additional Apartment & Room Selection Process for later applicants (if space permits)
April 25	(week of) Room and Apartment Change Process

Housing Deposits & Deposit Waiver Information

Students planning to live on-campus in university-owned housing (North Campus, South Campus, or College Arms) must pay a **non-refundable \$200 housing deposit**.

Deposits may be paid one of two ways:

- 1) A deposit payment screen is part of the housing application.
- 2) A deposit can be paid directly to the Office of the Bursar, but the student *must bring their receipt to 202 Lawrence* as proof of payment, so we can set the application to bypass the deposit screen.

Deposit Waivers:

Deposit waiver applications will be available in MyHousing for students who are Pell Grant eligible. Students whose personal contribution to their semester bill is \$1,000 or less after grants, scholarships, and loans will qualify for a deposit waiver. If the housing deposit waiver application is not available to you in MyHousing, please call us and we will make it available to you. We are happy to discuss special circumstances via e-mail (housing@wcupa.edu) or in person at 202 Lawrence.

Housing Applications, Housing Availability, and Housing Waitlist

Housing applications will be accepted on-going until the beginning of the Fall 2022 semester. There are dates for priority consideration and housing assignment or selection processes. If we receive applications from more students than we have allocated space, we will move students to a waitlist. Students will see a message in MyHousing when this occurs.

College Arms

Each individual person needs to complete the housing application, which includes the Occupancy Agreement and payment of the \$200 deposit, by 8:00 am on January 4, 2022 for priority consideration. College Arms should be ranked as the first choice, as this will allow additional College-Arms related questions to display.

When the application is completed, students become eligible to request roommate matches. All students who apply by January 4, 2022 will be contacted with an update of their status in this process no later than 4:00pm on January 28, 2022.

Detailed information about the College Arms process and application scoring is available here: <https://www.wcupa.edu/services/residenceLife/documents/2022-2023%20College%20Arms%20Information.pdf>

South Campus Apartments

Each individual person needs to complete the housing application, which includes the Occupancy Agreement and payment of the \$200 deposit. When the application is completed, students become eligible to request roommate matches. Students will be scored by roommate groups based on credits earned as of February 7. As space permits, and using the scoring of groups, students will participate in Apartment Selection to choose their apartments in MyHousing during the week of February 14.

North Campus Traditional Process

Each individual person needs to complete the housing application, which includes the Occupancy Agreement and payment of the \$200 deposit. When the application is completed, students become eligible to request roommate matches. As space permits, and using the application date, students will participate in Room Selection to choose their room in MyHousing during the week of March 7.
