INFORMATION REGARDING NON-DEGREE STUDENTS

Any Person who is not currently an accepted candidate for a degree at West Chester University is considered a Non-degree student. You may be attending classes while awaiting admission into a degree program at W.C.U. or another institution, or you may be continuing your education beyond your high school or college degree.

The credits you earn as a Non-degree student are generally accepted into degree programs at W.C.U. and other institutions. However, many programs can accept only a limited number of “free electives”. Therefore, it is possible that some courses may not be considered for graduation requirements. If you are interested in taking a course but are not sure of applicability to a program, check the Undergraduate Catalog that is available in the Admissions Office.

Non-degree students are permitted to attend in a part-time status (generally less than 12 credits per semester) and to attempt up to a maximum of 30 credit hours. Once you have reached this point, you must apply to become a degree candidate or seek permission from the Evening Studies Office to continue your education in a Non-degree status.
