With Approval from the Director of Clinical Training, students who enter the PsyD program with prior graduate work in clinical psychology or a related discipline may reduce their credit load during one or more semesters. Up to 30 credits completed in the former WCU Clinical Psychology MA program, up to 12 credits from a master's program elsewhere, or up to 36 credits from a APA accredited psychology doctoral program are eligible for transfer to the PsyD program.

Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable: N/A

PsyD students are expected to prioritize matching at an APA accredited internship through APPIC. However, students who register for the APPIC Match are allowed to obtain an internship that is not APA accredited. Furthermore, students facing unexpected, extenuating circumstances may receive approval from the PsyD Program to complete an internship at a site that is neither an APPIC member internship nor an APA accredited internship, following review and verification of the internship site by the PsyD Program Director of Clinical Training.
